Ten Cents

## The DIMMER VIEW

by Max Goodwin

### A Congressman's Ode to the Press

#### ODE TO THE PRESS

For a few blessed weeks, the Congress is still —  
Not much is doing on Capitol Hill.  
The House and the Senate have adjourned, sine die;  
Overdue, some said, was the solons' good-bye.  
While most of my colleagues have departed for home,  
I'm still at my office near the Capitol dome.  
We've been answering the mail, sending out cards  
And filing old documents by the feet and yards.  
With so little action of the notable type,  
I have a big problem, you might say a gripe.  
It pertains to our regular Weekly Release,  
Which we've tried to produce without — ugh, surcease.  
What can we tell our editor friends  
(With some of whom we must make amends)  
To arouse their interest, stir their elan —  
And perhaps even win a mention of Van?  
We simply don't have a single exclusive  
(Though with news we strive to be all-inclusive).  
We can only say, our dilemma unmet:  
MAY 1968 BE YOUR BEST YEAR YET!  
So greetings to friends, the old and the new,  
To the Union, the Tribune, and UPI too;  
To the Scout, the Star-News, the L.G. Review,  
To radio stations like KCBQ.  
To Blankfort and Bennett, to Lockwood and Kaye,  
To Rhaker, Deverill and Wilson (Ray);  
To Coleman, Roberts and Lester Bell —  
Without you all, life would be — er, dreary!

Lionel Van Deerlin

### Band, Rubber, Natural

The Post Office has made the big switch. The first-class postage stamp which increased in price from 3 cents to 6 cents in a decade is going to bring with it a reassuring new efficiency. The Post Office is switching from string to rubber bands for bundling mail.

This marks a break with tradition because string has been used since the days of the Pony Express, and even before, the U. S. Press Assn. reports. Recognizing that the change would come hard to many employees, the Post Office has prepared a little brochure to condition its workers for this revolutionary move.

Titled, Postal Item 0-1152, the little two-page booklet deals entirely with "Band, rubber, natural, 2 1/4 inches long, 3/8 inch wide and oval in shape." Having introduced postal workers to "Band, rubber, natural," the authors of this work then provide a complete rundown on the miracle of modern science, telling in precise detail how it should be used.

Since you too may someday have to tie up a bundle of envelopes with rubber bands, it may be helpful to know how professionals are taught to go about it. The first step is to snap the band, rubber, natural, around the bundle of mail the long way. Got it?

The next step is to snap a band around the bundle the short way. Doing it the other way around might work, but it does not conform to standard practice and the procedure is therefore to be discouraged.

Safety is emphasized. As everyone knows, a snapping rubber band can cause a painful stinging sensation, and postal employees are put on guard against careless handling. Unfortunately, the booklet gives no indication as to how much sick leave may be taken if a postal worker is injured by a snapping "Band, rubber, natural."

At this season of the year particularly, many people may employ rubber bands for bundling their cards to Aunt Millie, the boss, the Smiths down the street and others on the mailing list.

It is possible that the Post Office will provide you with Postal Item 0-1152 if you request it. While the procedure in using rubber bands is not as important as the Zip Code, it is that little extra efficiency that will count. And further, a careful reading may keep you from having one of those "Band, rubber, natural," devices snap back at you.

### Your Income's Going Down

At 9:30 p.m. on November 18, the British Government devalued the pound from \$2.80 to \$2.40. A few minutes later, the BBC sent reporters onto the streets of London to interview the first ten adult, native Londoners they met, to ask what it would mean to them. It is the saddest of all stories to come from England that dark night that not a single one of the ten could explain what devaluation would mean. Not one of the ten understood what had happened, and what it would mean to him, his family, and his country.

We earnestly hope that no reader of this newspaper will be equally ignorant.

Actually, no Londoner should have been. Back on July 24, the Chancellor of the Exchequer in the Labor Government, James Callaghan, made as eloquent an attack on devaluation as we have ever read. Here is what he said:

"The fundamental fact about devaluation . . . is that it consists in making the product of the labor of our people cheaper, while making the product of foreign labor dearer. For every hour's work at home, we command less of world resources . . . Let there be no dodging about this. Those who advocate devaluation are calling for a reduction in wage levels and the real wage standards of every member of the working class in this country."

Be it noted that the Chancellor of the Exchequer was not haranguing a workers' rally nor a Party meeting. He was speaking in the House of Commons. He was recording his personal opposition to devaluation.

What did devaluation mean? It meant a 15 percent wage cut for salaried workers. It meant, at the same time, that virtually everything the wage earner would buy would be increased in price, in most cases 15 percent. Food, particularly, would be hard hit, for the United Kingdom imports a great quantity of what it eats. Yet not even one worker out of the ten interviewed either understood or could explain it, according to a report of the U.S. Press Assn.

Americans, who now must live in daily jeopardy of a similar fate, in the knowledge that it will be a miracle if the US dollar can survive many months without devaluation, will do

(Continued on Page 4)

### Area Women Set Hospital Dist. Study

Area residents interested in taking part in a study of the Grossmont Hospital District, are cordially invited to attend meetings of the League of Women Voters of Grossmont-Cajon Valley. The meetings will be held January 9, 10 and 11. Mrs. R. C. Foster is Local Item Chairman.

At the first round of meetings, the groups will go into the background and history of the Hospital District. Also to be discussed will be the administrative structure and the duties of the governing board.

The public is invited to attend all meetings. Meeting places and hostesses are: Jan. 9, 9:30 a.m. at 1571 Villa Crest dr., El Cajon, Mrs. R. G. Hawkins; Jan. 10, 9:30 a.m. at 10535 Queen ave., La Mesa, Mrs. Peter Doyle; Jan. 10, 7:30 p.m. at Cajon Valley Jr. Hi Library, El Cajon, Mrs. Klaus Newman; Jan. 11, 9:30 a.m. at 6320 Lake Lucerne dr., San Diego, Mrs. James Mains.

### Year's First Rain Is .04" Sprinkle

The first rain of the new year fell during a light sprinkle Tuesday night and early Wednesday. It produced only .04 of an inch of rain, according to the weather stations at the local firehouses.

The sprinkle brought the rain year's total to 7.05 inches. Last year at the same time the total stood at 7.96.

Rain years end on July 1.

Previous rain was Dec. 21 when .04 was registered.

AN ORPHAN'S CHRISTMAS: One of thirty Tecate orphans, at left, opens Christmas packages she received from Mr. and Mrs. Raymond Kiehl, 1045 Pepper dr., El Cajon, and their many helpers, during a party at the couple's home. At right is a helper from Grossmont College.

Aiding in the worthy project was a Junior Girl Scout troop from Spring Valley, under

the supervision of Doris Evans. Mrs. Kiehl noted that she has received aid and encouragement from many interested individuals in the Lemon Grove-Spring Valley area.

The Mexican children, ranging in ages from a few months to 15 years, were from the Fundacion Para Ninos Orphanage in Tecate.

### Youth Court Seen By Grand Jury

## Open Crime Trial Records On Teenagers Says Jury

SAN DIEGO (CNA) — The cloak or shield of secrecy would be stripped from the proceedings of courts handling juveniles who are 15 years old or older under a recommendation of the Grand Jury of the county in its final report.

The public and the press is now excluded and even the findings of the court are secret.

The grand jury said, "It is submitted that the victims of assaults, myhem, murder, burglary, grand theft, vandalism, rape, etc., are no less injured because the perpetrator of these crimes was between 15 and 18 years of age."

The jury would establish a third court or Youth Court that would approximate Superior Court in openness and approach.

The jury's law committee also recommended that all cost of apprehending, transporting, booking, detention, trial, probation, and ensuing incarceration and/or probation department supervision of all juvenile delinquents be charged to

and collected from their parents.

Chief Administrative Officer T. M. Heggland said the county now attempts to collect the cost of detention or incarceration with little success because of the high cost on one hand and the low income of the families generally on the other.

In the field of narcotics, the jury was critical of what it said were light sentences dealt out to narcotics violators.

"A suspect who openly boasts of making \$300 per day selling LSD, and who, upon conviction, is given a minimal jail sentence and probation, can hardly be said to be deterred from continuing his vicious occupation as a despoiler and debaucher of youth," the report says.

The jury found in its investigation of police brutality, that the reverse is true. It said that people arrested and onlookers offended much more than the police in verbal brutality or assaults on human dignity.

The usual procedure is for the County Board of Supervisors to refer all grand jury reports to the chief administrative officer for reports from the departments involved for a reply to the jury from the board.

Heggland said this particular grand jury had committees that worked very hard, and did so without issuing interim reports that sometimes in the past have tended to keep things stirred up rather than help.

### Commission to Meet

The Board of Directors of the Economic Opportunity Commission will hold its next regular meeting on Thursday, January 25, in Room 358, County Administration Building, 1600 Pacific Highway, San Diego. The meeting will start at 7:30 p.m.

### California Freeways to Sport Latest Approved Sign Devices

Sacramento — Sign poles that flip upward and out of the way when nudged by an auto bumper and light standards that shatter into almost harmless fragments when struck by a careening vehicle are two of the latest safety devices approved for California freeways.

Although the State's 2200-mile freeway system has chalked up one of the best traffic safety records in the nation, the California Division of Highways has initiated a new program aimed at making them even safer by curtailing single vehicle accidents.

Last year 273 persons were killed when their vehicles went out of control, veered from the freeway and smashed into fixed objects.

"Our philosophy is simple," says State Highway Engineer John Legarra. "Since some people come to grief off the roadbed, we are going to see if we can help them avoid catastrophe by making sure shoulders and the adjacent roadbeds are comparatively smooth and free of obstructions. Errant drivers then can use this siding as a recovery area."

The breakaway poles and easily broken light standards are only two items included in

### Boney Heads Supervisors; Eyes Property Tax Relief Cost-of-Welfare Reduction

Henry Boney, who assumed chairmanship of the County Board of Supervisors Tuesday, presented to the Board his program for County Government for 1968.

In a letter to the Board, Boney listed programs of "particular concern to the people of San Diego County". These included Property Tax Relief, a reduction in the cost of welfare, stepped-up flood control and air pollution control programs, and a reappraisal of airport facilities.

"As Chairman of the County Board of Supervisors I will meet at any time with anyone to discuss any topic that will mutually benefit local government and the people of San Diego County", Boney said. He also stated that cooperation between local government agencies in San Diego had provided the people of this area with the best and most efficient government services in the Nation.

Boney was elected to serve a one year term as Chairman of his fellow Supervisors. He will preside at all meetings and will be responsible for officializing the issuance of bonds, contracts and other documents on behalf of the County.

He was elected to the office of County Supervisor in November, 1964. The former President of a chain of grocery stores, Boney has been best known for his efforts in governmental economy. He was active in the formation of the San Diego County Flood Control District, the development of the County Park system and was instrumental in obtaining a state medical-correctional facility for San Diego County.

He preceded Robert Dent as supervisor of the Lemon Grove-Spring Valley district in a territory equalization program last year.

### Beer Record Set

SAN FRANCISCO — Beer sales in California during 1967 exceeded the 10-million barrel mark for the first time and produced a record \$165 million of tax money for federal, state and local treasuries.

Figures released here this week by Geo. W. Ososke, executive secretary of the California Brewers Assn., indicate that Californians purchased 10,140,000 barrels of beer in 1967.

### Lemon Grove Youth Completes First Quarter at Santa Cruz

Brian Galloway of Lemon Grove, is among some 992 new students enjoying a holiday respite following completion of their first quarter of work at the University of California, Santa Cruz. Of these,

953 are undergraduates — 672 freshmen, 96 sophomores, 172 juniors and 13 seniors; 39 are graduates, with 7 working towards the M.A. and 32 towards the Ph.D. degree.

The smallest and one of the newest of the nine campuses of the University of California, UCSC has tripled both in the number of students and of colleges since it first opened in the fall of 1965. Total enrollment this academic year is approximately 1,950 students, vs. 650 in 1965. Stevenson and Crown Colleges opened in 1966 and 1967, respectively, to join their pioneering sister, Cowell College, on the 2,000 acre campus.

A collegiate university, UCSC is planned to grow at the rate of almost one undergraduate college a year. Each college will average 600 resident and commuting student members. College Four is now under construction and will open in autumn 1968, the fifth college is in working drawings, the sixth is in schematics, and the program of the seventh is under discussion.

In a recent address, delivered at the Seventh Annual Dinner of the Carolyn Benton Coker Chair in Continuing Education at the University of Missouri, UCSC Chancellor Dean E. McHenry noted, "In the beginning, we thought 15 or 20 colleges would suffice; our latest estimate is 26." UCSC is expected to reach its full growth potential of 27,500 students in the early 1990's.

In addition to some 25 undergraduate colleges, UCSC will augment its facilities with ten professional schools, academic and science centers, and a wide range of graduate programs, of which there are now four—astronomy, biology, chemistry and history of consciousness.

### Interviews Slated Here

### Paid Civilians Wanted For Vietnam Service

SAN DIEGO — The Federal government will conduct a four-day drive in the San Diego area beginning Wednesday, January 17 to recruit men and women for a wide range of civilian posts in Vietnam.

The U.S. Agency for International Development (AID), a unit of the State Department, announced that a team will be sent into the San Diego area to interview civilian specialists needed "to help win the 'non-military war' in Vietnam — the struggle for food, disease prevention and the basics of education — some of the deep root causes of the shooting war there."

M. J. Marlow, Chief Press Officer in AID's Vietnam Bureau, said that recruitment is being stepped up in order to assure a more effective job in the civil action program in Vietnam, replace specialists ending their tours of duty

there, and to find suitable candidates for AID's long-term Vietnam training program. He said that the present force of civilian specialists — now numbering 1700 — will need to be nearly doubled within the next year.

A temporary headquarters will be opened in the Mitchell Building in San Diego, 630 Ash street (2nd floor), where applicants may call between 9 a.m. and 6 p.m., Wednesday through Friday, and 9 a.m. and 3 p.m. on Saturday on a special telephone line — (714) 293-5240. Persons living out of town may call collect.

Top civilian specialists with AID in Vietnam and Washington, D.C. are being flown into San Diego to assist in the recruitment campaign through a number of talks and personal appearances in the San Diego area.

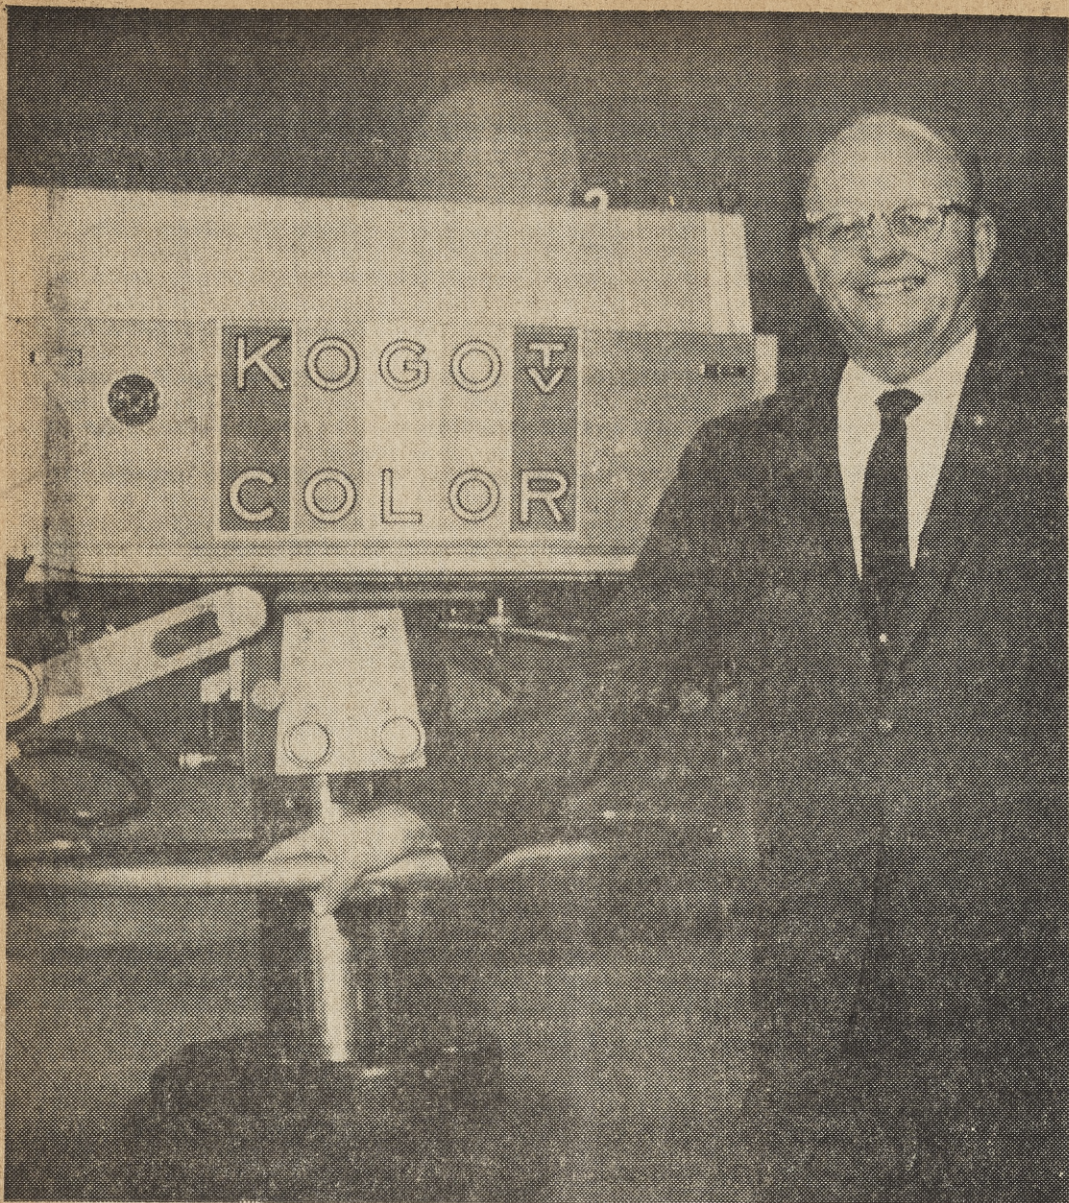

GRAND OPENING: Dean's Photo Service on Broadway ave., Lemon Grove, celebrated its grand opening last Friday

and Saturday at the new location. Pictured above are employees Linda Fitch at left, and La Verne Kupfer.

**TOOLS OF THE TRADE:** LeRoy Bellwood, 20-year Lemon Grove resident, stands beside one of the new color cameras at the KOGO-TV station off of Highway 94 in San Diego. Bellwood, Director of Engineer-

ing for the local NBC affiliate, has been with the station for 20 years, and was a leading contributor in the planning and construction of the station's present facility.

## Lemon Grove Resident Keeps KOGO on the Go

Completed on May 25, 1958, KOGO Broadcast City is considered one of the nation's finest and most modern broadcast facilities. The building contains 47,000 square feet. And every foot of that space has been utilized to its utmost potential due to the efforts of a long-time Lemon Grove resident.

LeRoy Bellwood, 2875 Washington St., has been in Lemon Grove for 20 years and has been with KOGO stations for the same period of time.

Bellwood is the Director of Engineering for the local station, and it was he who worked hand-in-hand with the architects of the facility in an effort to create a smooth-working, orderly layout.

"I came to the KOGO stations in 1953 after spending some time as Chief Engineer for KFSD radio in San Diego," stated Bellwood, father of a married son, Steve, and a daughter, Lynn, a freshman at Mt. Miguel High in Spring Valley.

One would need a degree in electronics to professionally explain Bellwood's job with the KOGO stations. In everyday terms it means that the producers, directors, and pos-

sibly actors set up a particular show, and it is the duty of Bellwood and his 34-member staff to shoot the show.

"Things have changed here at the studios in the last two years, explained Bellwood. "In the last year and a half we have been replacing most of our equipment with transistorized color equipment."

With the new emphasis on color in television at the present time, KOGO stations and Bellwood are keeping pace with the new technology. KOGO has three color high-low band video tape recorders. Color television tape, an electronic miracle which instantly records sounds and picture, is an important factor in television today. KOGO-TV also has facilities for television color slides and films and KOGO is capable of airing live color through the use of RCA TK 42 color cameras.

There are about 6000 tubes and transistors in the equipment at KOGO-TV involved in all phases of television transmission. It is plain to see that the local television engineer is kept busy, trying to keep each intricate part of this involved operation in perfect working order.

**FLYING HIGH:** Miss Cheri Michele Smith, daughter of Mr. and Mrs. Harold C. Smith, 1914 El Prado St., Lemon Grove, has been awarded the silver wings of an American Airlines stewardess after completing training at American's Stewardess College, Fort Worth, Tex. She has been assigned to flight duty out of Boston. Miss Smith, who was born in San Diego, graduated from Mount Miguel High, Spring Valley, in 1966. Prior to joining American Airlines, she was employed as a nurse's aid at Casa Blanca, Lemon Grove.

### At Grossmont College

## Play Tryouts Begin Tuesday; Traveling Exhibit on Display

The Grossmont College Grif-in Players will hold tryouts Tuesday through Friday of next week for parts in three original one-act plays scheduled for production in March. The one-act plays are the winning entries in the First Original One-Act Play Writing Contest sponsored by the Communication Arts Department of Grossmont College.

The winning authors each received a \$50 cash prize and will work on production concerned with their particular play with Martin Gerrish, James Baker, and Clark Mires, drama instructors who will direct the plays.

Tryouts will commence at 7 p.m. in Grossmont College's stagehouse Theatre and will be under the direction of Gerrish, Baker, and Mires. Anyone in San Diego County interested in acting is invited to tryout for the opportunity to win a role in an original play.

Grossmont College opened a Smithsonian Institution Traveling Exhibition titled "Contemporary African Printmakers" Tuesday in the Student Center.

The exhibition is the work of 18 young artists from Nigeria, the Sudan, Uganda, South Africa, and Ethiopia. The display illustrates various aspects of the changing Africa in styles ranging from primitive and realistic to impressionistic and abstract. The 40 linocuts, woodcuts, silkscreen prints, lithographs, and etchings have been lent by the Harmon Foundation of New York City, and are touring the country under the auspices of the Smithsonian Institution.

Traveling Exhibition Service.

The talents of these young artists are extensively used by their governments. Amos Langdowne teaches art at the Athlone Training School in South Africa. Taj Ahmed and Amir Nour participated in the work on the Sudan Pavilion at the New York World's Fair, and Ibrahim Salahi is Acting Head of the School of Fine and Applied Art, Khartoum Technical Institute. Five of the eight Nigerians work directly in their government's educational program. Mordecai Buluma is Education Officer of the Uganda Museum, and Mamo Tessema heads the Archaeological and Historical Museum of Addis Ababa, Ethiopia.

The exhibition will remain on display in the college's Student Center through January 19, with viewing hours from 9 a.m. to 11 a.m. and 2 p.m. to 4 p.m., Monday through Friday. The public is invited to view this unusual exhibit of contemporary African art. There is no admission charge.

When Princeton and Rutgers met on the gridiron in 1869 at New Brunswick, N.J., it was the first collegiate football game.

**ENGAGED** — Mr. and Mrs. Charles Hart, 2725 Buena Vista, Lemon Grove, announce the engagement of their daughter, Diane Louise, to Richard L. Morris, son of Mr. and Mrs. Arthur Morris of West Covina.

Miss Hart, a 1966 graduate of Mt. Miguel High School, is attending Grossmont College. Mr. Morris attended Azusa Pacific College before entering the Navy. They are planning a September wedding.

## La Mesa Fleet Reserve Group To Hold Regular Meet Tonight

La Mesa Unit, No. 139, Ladies Auxiliary Fleet Reserve Association will hold their regular monthly meeting tonight at 8 p.m. at the American Legion Hall, 8118 University Ave., La Mesa.

Mrs. Varvin Silverman will be the presiding officer. Branch 139 of the Fleet Reserve Association will also meet at the same time and place, Mr. D. L. Hill, president said.

The Branch and Unit had their annual Christmas pot luck dinner December 21 at the American Legion Hall, and had as their guests three Marine servicemen who are patients at the Naval Hospital and are veterans of Vietnam. The dancers of the Kay Walker Dance Studio of La Mesa provided entertainment for the evening, and Santa Claus presented candy canes to all the children.

The Unit is preparing for the official visit of the Regional President of the Ladies Auxiliary, Eleanor Kaminsky of Chula Vista, who will make the February meeting. Mrs. Kaminsky has brought valuable information to all the Units on her official visit and

all members are urged to attend the meeting February 1.

The Unit and Branch are having a Spaghetti Dinner also in February at the American Legion Hall. Dinner will be served from 6 to 8 p.m.

The regular monthly pot luck dinner will be held January 18 at 7 p.m., and as the custom, all members of the Fleet Reserve Association and Ladies Auxiliary are cordially invited to attend. Servicemen from the hospital will be the guests at this pot luck also.

### Annexation Vote Set

Voters in the Mountain Empire Unified School District area will vote June 4, 1968, on whether or not to be annexed to the Grossmont Junior College District.

On November 10, 1967 the State Board of Education approved the portion of the master plan for San Diego County Junior colleges which proposed annexation of the non-junior college district of Mountain Empire Unified to the Grossmont Junior College District.

## Marine Corps Combat Artist Guest Speaker at Foothills

The first Marine Corps combat artist since World War II, creator of the Lake San Marcos Art Gallery, will be the guest speaker for the meeting of the Foothills Art Association tonight at 7:30 p.m.

He will give a demonstration of his technique, both in sketching war scenes and western paintings. The meeting will be in the Ben Pollock Memorial Art Center at 8053 University, La Mesa.

A veteran army sergeant just down from battle, a burning rural village, an anguished marine lieutenant counting his wounded are some of the subjects of Deuel's paintings. He enlisted for 60 days for assignment as combat artist and carried charcoal and sketchpaper along with a rifle to the front lines where he sketched battle scenes, concentrating particularly on the battle of Hill No. 881, where he painted between blasts. He

sketched loading of wounded on planes while the bombing was so close he could see the dust. He paints in oils as well as watercolors.

Some of his paintings will remain at the Ben Pollock Gallery during January. The new show, including Mr. Deuel's paintings and a one-man show by Mr. Angus Rose will open this Saturday, and continue until January 28 from 1 p.m. to 5 p.m. on Saturdays and Sundays. Mr. Rose served in Korea, Midway Island and other places as a Commander in the Navy. He is now retired. Scenes from his travels are subjects of his oil paintings.

## M. McCrae Enters Podiatric School

Michael R. McCrae, son of Mrs. Isabelle G. McCrae, 7155 Mt. Vernon, Lemon Grove, has entered the California Podiatric College, San Francisco, as a first-year student.

McCrae's graduate work over the next four years will earn him a degree in podiatric medicine.

Established in 1914, the college is one of the five accredited podiatric institutions in the United States and only such college west of the Mississippi.

Podiatry is the study and treatment of disorders of the foot.

Six Americans, Sinclair Lewis, Eugene O'Neill, Pearl Buck, William Faulkner, Ernest Hemingway and John Steinbeck have won Nobel prizes in literature.

## WHAT DOES 1968 HOLD FOR YOU?

The dawn of every New Year brings hope — hope in our upward progression of life! Hope is the motive power of all effort. Hope make no stepping stones of stumbling blocks. Hope gives us confidence. Hope gives us security in our pursuit of happiness.

To hope hope, to give hope, these are two of the greatest privileges of being a doctor, of being a chiropractor!

What hope do you have for the future? Will you set a new goal for yourself? How big will you think? Will your goal be possible — will it be practical? Whether you progress in '68 will depend on how well you chart your course.

But what of your HEALTH? Are you physically capable of progressing? How alert is your mind? How steady are your nerves? How sturdy is your back? How strong is your heart?

How will you prepare for your future health? Do you know that many times chiropractic adds healthy years to life simply by restoring normal function?

Chiropractic doesn't claim to CURE anything — nor does any other healing art. Nature does that job. Chiropractors have techniques to adjust, realign and balance the distorted spine, freeing nerve pressures interfering with the flow of life energy so Nature can heal. That's how people are CURED. Your doctor sets a broken leg — and then leaves it to a GREATER POWER to heal it or cure it. The tissues knit anyway, but the limb would probably grow crooked without the help of skilled hands to properly align the fracture.

Nature — the INBORN INTELLIGENCE that created and fashioned the human body — is the only Power or Force that has any CURATIVE ABILITY — and this requires a steady, uninterrupted flow of God-given nerve energy impulses for repair to take place.

Keep this principle in mind when you face problems of sickness next year. You will find as thirty-five million other Americans have, that by keeping nerve pressures removed, it is possible to go through the year with much less illness and much more energy.

New Year's resolutions are going to be the favorite topic for conversation during the next few days.

Why not resolve to get well now? Don't carry unnecessary suffering into 1968.

You know, many people cannot find health because they cannot find enough HOPE and FAITH to get well.

Investigate the MARCY CHIROPRACTIC OFFICE where hundreds found HOPE through chiropractic and regained their health. What have you got to lose except your ill health?

## Auditions Today For Choral Club

Women interested in choral singing are invited to audition for membership in the San Diego Choral Club, it was announced by Mrs. Richard Maschner, membership chairman.

The auditions will be held at 11:30 a.m. today at the East San Diego Christian Church, 3777 Forty-fourth St. Vocal training is not required, but experience in church or school choral groups is helpful.

The San Diego Choral Club is currently in its 29th season. It offers concerts in spring and winter and presents a scholarship annually to a deserving voice student. Mrs. Joseph Coates is director.

Mrs. Maschner, 5635 Fontaine St., or Mrs. Thomas DuVal, 1024 Devonshire Dr., club president, may be contacted for further information.

## Run For Your Life's YMCA Program

More and more men in our community are running for their health. They are running at sun-up, during their lunch hour, at the close of the business day or in the cool of the evening. They are running everywhere — in the neighborhood, around the block, at the city schools, parks and playgrounds or at the YMCA.

As one business man put it, "I find myself under pressure most of the day to keep up with a fast moving competitive system. I run not just for my health but for the stamina which helps me finish the day strong. Besides, I enjoy it."

In the Heartland area, the YMCA has developed a twelve week "Run for your Life" program, incorporating progressive training methods for those who would like to improve the level of fitness and have a good time while at it.

The program starts Monday, January 8th. The group meets three times a week, Monday-Wednesday and Friday, 6:30 a.m. or 5:15 p.m. at the Heartland YMCA, 8881 Dallas St., La Mesa. Arrangements can be made by calling 466-4161.

## AREA BIRTHS

Births in the Lemon Grove Spring Valley area for the week of Dec. 19 through Dec. 25, have been released by the Grossmont Hospital staff. They were:

Dec. 19, to Mr. and Mrs. Jens Fredricksen, Lemon Grove, a girl, 5 lbs., 15 oz., and to Mr. and Mrs. Michael Files, Spring Valley, a boy, 9 lbs., 1 oz.

Dec. 20, to Mr. and Mrs. Richard Bantle, Spring Valley, a girl, 6 lbs., 4 oz.

Dec. 24, to Mr. and Mrs. Edwin Smith, Spring Valley, a boy, 10 lbs., 6 oz.

The black-poll warbler nests in Canada, migrates through the U.S. and Mexico to spend winters in Central and South America.

### The Dimmer View

(Continued from Page 1)

well to hear one additional statement which the Chancellor of the Exchequer made in that July 24 speech: "The purpose of this (devaluation) is to insure a sudden and large-scale shift in resources from home use to export. The means by which this can be done is by increasing taxes, or reducing government spending programs, or both."  
 Washington must face up to these alternatives, with desperate haste, if the dollar is to escape the fate of the pound.  
 Under Mr. Johnson's spend and give-away programs, there is little reason to believe that we shall not suffer the same fate as the unfortunate Britishers.

### Just 'Angels' to Navymen

Angels Unaware, the home for retarded children in El Cajon, which lists Lemon Grove residents in its administration and children in its care center, did not have a Christmas party hosted by the crewmen of the USS Chicago this year.  
 No, the men haven't forgotten the handicapped children at the day-care center. It's just that this year the ship is now patrolling the coast of North Vietnam, doing her part in the war effort.

This was the first year in the last four that the CHICAGOMEN have not hosted a party for the children. But they still wanted to do something for Christmas. So, this year the men of the USS Chicago presented a check to the day-care center, along with Christmas gifts for the children.  
 CHICAGOMEN know that the 'Angels' are aware of them too. Last year, just before the ship returned home in late November, many boxes of cookies came through the mail to the crew from the center in time to add to the Chicago's Thanksgiving menu.

A Navy Department release sent from the Chicago stated, touchingly, "There is a special feeling between the Angels Unaware and CHICAGOMEN. These children, some of whom are confined to wheel chairs, have come to realize that CHICAGOMEN care, and each of those on the Chicago have felt a little more aware of the warmth and happiness of the holiday season by giving to Angels Unaware . . . to us, just 'Angels'."

### Decoration Winners Named

The M. L. Odell residence of 9310 Kahlua way, Spring Valley, was awarded the Sweepstakes victory for the Christmas Decoration Contest sponsored by the Spring Valley Community Council.

The Odell family was awarded the ribbon along with a \$25 gift certificate from the Spring Valley Shopping Center.

Area award winners are as follows: Mr. and Mrs. J. E. Christy, 1506 Walbollen; Mr. and Mrs. Joe Sutton, 10335 Linetree lane; Mr. and Mrs. Earl Appleby, 739 Romona ave.; Mr. and Mrs. Glen Sturdevant, 3328 San Carlos; Mr. and Mrs. P. A. Lanoe, 10035 Norte Mesa; Mr. and Mrs. David Wilson, 3371 El Canto dr.; Mr. and Mrs. Peter Scoppe, 9031 Koonce dr.; and Mrs. Nason and Mr. Bowling, 8747 Brady st.

A special Outstanding Display Ribbon was presented to families living on Hotz st., as a combined street effort. Those receiving ribbons were: H. Leutenberger, 432 Hotz; E. Briggs, 419 Hotz; J. Wareup, 402 Hotz; J. Tardiff, 403 Hotz; R. Saunders, 415 Hotz; and B. Johnson, 427, Hotz.

Outstanding business awards were presented to Spring Valley Shopping Center, Carmen Ranch, and Galbreath Realty.

## Griffins Capture Crown

Grossmont's basketballers captured three games over the holiday vacation, with the final victory gaining the Griffins the championship of the San Bernardino Valley College Invitational Basketball Tournament.

The Griffin's steady game and balanced attack wore down Cypress in the tourney final last Friday night, enabling the local quintet to down their opponent, 80-71, on the San Berdoe court.

The area college quintet built up an 18-point lead in the second half, with all-tourney selections Lynn Lowder and Doug Boyd providing the scoring punch in the game. The Griffins left the court at half-time with a slim, 36-30, advantage.

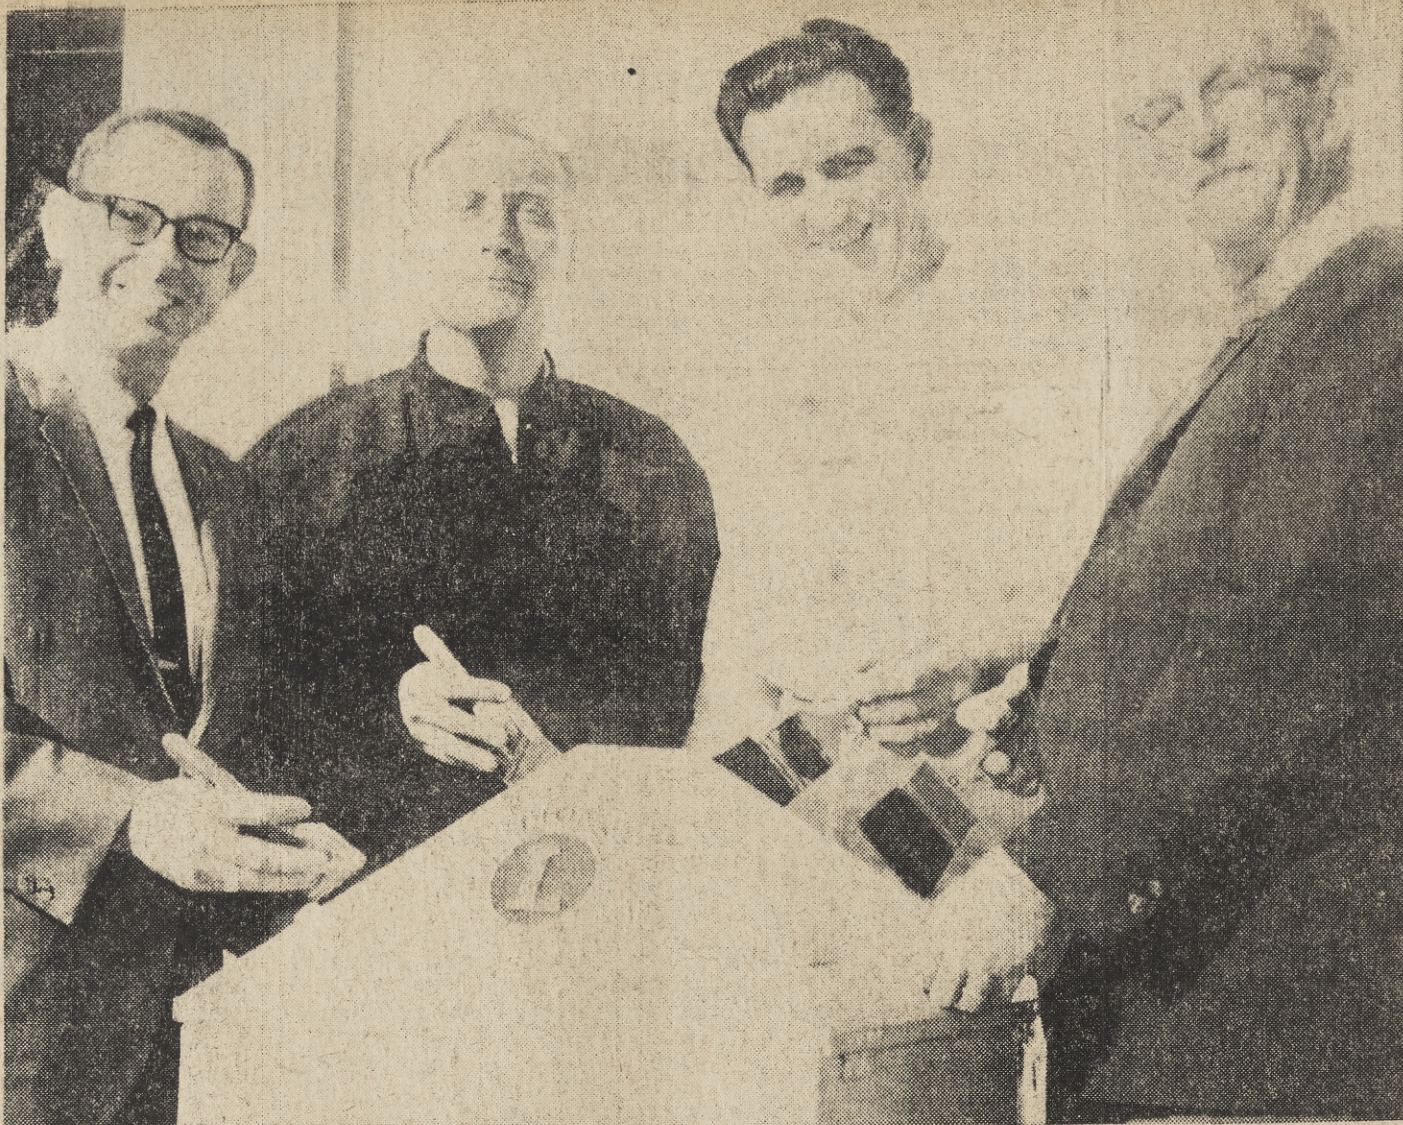

Lower was the leading point producer in a balanced Griffin attack, netting 20 points, compared to 19 for forward John Ugrin and 17 for Boyd. Also getting in double figures for the Griffins was Jim Ursilo with 11.

The Griffins reached the finals by defeating Citrus College and host San Bernardino in the opening rounds.

Lowder and Boyd were the key performers in the opening-round victory over San Berdoe, 82-73, with Lowder leading the way with a 26-point night and Boyd hitting 19.

The Griffins had to rally from a four-point halftime deficit, 41-37, to gain the victory.

Mardi Gras is Feb. 27.

GROVE CLEAN-UP: The above four members of the Lemon Grove Lions Club put the finishing touches on one the four trash containers that the club has placed along Broadway ave. From left to right, members of the committee are Dr.

Robert Conlin, president of the local Lions, Bob Russell, first vice-president, Clarence Scheidle, and Frank Thomas. The group plans to add at least 10 trash cans to the project.

### Heart Assn. Plans Health Habit Move

A program to encourage formation of good heart and health habits in childhood, with the view of reducing the risk of heart attack in later years, has been launched by the San Diego County Heart Association.

Here is a truibnail resume of what parents are asked to do:

1. Get the latest heart-saving facts and share them with your children.
2. Stress the importance of normal weight. Obesity often begins in youth.
3. Form good diet habits by serving more foods low in saturated fats and fewer foods rich in cholesterol.
4. Encourage children to keep physically fit through regular exercise.
5. Teach children that smoking is bad for health.
6. Make doctor checkups a family routine.

The concept makes sense. Good living patterns ingrained through childhood are likely to last. If they do last, the individual will have fewer risk factors working against him during the adult years in which heart attack becomes a real threat.

A seventh recommendation might well be added: Support the 1968 Heart Fund during Heart Month in February.

### Lions Litter Containers Vital to Grove Street

In the continuing attempt of the community service clubs to make Lemon Grove beautiful, the local Lions organization has placed five litter containers on Broadway ave.

According to club president Dr. Robert Conlin, the Lions group had the litter containers out on Broadway ave. a couple of years ago.

"We had the cans on Broadway and they seemed to be accomplishing their task, but then some businesses started putting their trash in the public containers instead of using the disposal service," explained Dr. Conlin.

The Lions Club committee to keep the town of Lemon Grove visably attractive is made up of six club members. Heading the group is Dr. Conlin and first vice-president Bob Russell, whose firm supplied the paint to decorate the refuse containers.

Clarence Scheidle, of Lemon Grove Paint and Body shop, did the painting chores, while Frank Thomas of the Thomas Disposal Co. donated his firm's services to pick up the containers regularly.

Other Lion members who had a big hand in the worthy project are District Assistant Fire Chief Fred Dixon and Bud Young.

"I think you can see the difference already," stated Dr. Conlin as he surveyed Broadway ave., from Imperial to Kempf. "If people can see one of the bright yellow cans in the distance, they will hold their trash until they reach the disposal unit."

Looking into one of the containers, Conlin added, "There are a lot of items, paper and trash, that would normally be found on the streets of the town."

One of the big problem areas in Lemon Grove is the section on Broadway ave. near the old Post Office building. Dr. Conlin reaffirmed that observation, stating that the condition had improved during the previous project of trash cans by the club.

"We are not just going to put these containers out and forget about them," explained Dr. Conlin. "We've got four of them out right now and plan to add at least ten more, if possible. We also want to move them around to get the best results from them."

Dr. Conlin commended his committee for the outstanding job they accomplished in preparing the containers for the streets of Lemon Grove. "One of the most difficult things to do in a project such as this, or most any project, is to get organized," he stated.

### New Postage Rates Begin This Sunday

Nearly 10,000 postage vending machines, including those at Lemon Grove Post Office, will be converted over the next three months to reflect the new postage rates, Postmaster Frenchy Faucher said.

New postage rates go into effect Sunday, the postmaster said. The new rates raise first class postage to 6-cents an ounce, air mail to 10-cents an ounce, and postal cards to 5-cents.

The job of converting the thousands of vending machines found in post office lobbies from coast to coast is so massive that it will take several months to complete, the postmaster said. Five different types of machines are involved, he noted.

Most of the machines now provide 5-cent and 4-cent stamps for a nickel, quarter or dime. After the conversion, the machines will provide 5-cent and 6-cent stamps. A new model will offer 1-cent, 5-cent and 6-cent stamps.

The postmaster said that the vending machines located in the lobbies of post offices are not to be confused with commercial stamp vending devices found not controlled by the Post Office Department, he said.

### Two Accidents Claim Three Injuries in Spring Valley Area

Two single car accidents this past week in one day, sent three persons to the hospital. Both accidents occurred on Dec. 27, according to the S.V. Fire Dept. ambulance report.

In the first accident, in the 2200 block Sweetwater rd., Robert B. Grass, 22, a sailor, stationed at Ream Field, had to be taken to Grossmont Hospital, after his car went out of control and left the highway.

In the second car accident, of 9158 Orville, taken to Villa Laurne Trentacosta, 29, of 581 Manor dr., El Cajon, and Carol Mueller, 24, of 8618 Valencia dr., Spring Valley, were taken to Grossmont Hospital.

### Hanson Buys D&L Auto

D&L Car Corral, 7230 Broadway, Lemon Grove, has been purchased by Hanson Motors, it was announced this week by Lloyd Fish, one of the principals of D&L. Noel Hanson is the operator of the purchasing firm.

D&L has been operated for the past three years by Fish and his associate, D. C. Yeager.

The purchase will give Hanson two locations for his growing firm.

Yeager, a 30-year Navy veteran has no immediate plans. Fish said that he will join the R. W. Weeks Construction Co., at 7295 North ave., Lemon Grove. He will be sales and property improvement manager. Weeks has a six and a 24 unit apartment building on the drawing board.

Hanson took over the D&L location Jan. 1. His other lot is at 7292 Broadway, Lemon Grove.

### Assignments Handed Judges

Special assignments among the judicial family were made last week by Judge Roy Fitzgerald, presiding judge of the Municipal Courts.

Judges Charles M. Snell, presiding, Earl K. Adams, Arraignment "A", William T. Low, Arraignment "B", Richard J. Curran, Arraignment "C", John F. Martin, Arraignment "D", Earl B. Gilliam, Setting and Motion, and J. Robert O'Connor, South Bay and Night Courts.

Assignments commenced Jan. 2.

### Chamber Awards To Be Made Tues.

Awards will be made to the winners of the Lemon Grove Chamber of Commerce's lighting contest at the regular meeting Tuesday.

Four plaques will be presented by Frank Shugrue, chairman of the contest.

A nominating committee for choosing 1968-69 officers will be named at the meeting, president Bob Brovne said.

The meeting will be at El Morocco at noon.

Their car went out of control and hit a telephone pole.  
 Other Ambulance Calls  
 Dec. 26, Louie Weeks, 61, of 3173 Bancroft dr., Space 46, taken to Scripps Hospital, due to illness. He was given oxygen.

Dec. 27, Warren K. Tatlock, 32, of 4213 No. Corodoba, taken to County Hospital, due to illness.

Dec. 29, Ether Riggins, 42, of 9158 Orville, taken to Villa View Hospital, due to illness.

Fires  
 There were two fire calls on Dec. 28. The first was at the home of John Recklau, 3121 Helix st. A portable heater, near a bed, ignited bed clothing. Damage to the house was estimated at \$15, and \$150 to contents.

The second call was a stand-by behind De Falco Market. A transformer flared up and the fire truck and men stood by until the utility crew arrived.

Temperatures  
 The highest temperature in Spring Valley for the past week, was 80 degrees on Dec. 27. The lowest was 33, early a.m. of Jan. 1.

## Locals Win University Tourney

# Matador Press Beats the Fast Teams Too---Ask Lincoln

The pressing tactic in basketball is usually designed to foil the attempts of a slow moving team to get the ball down to the other side of the court. If we take that statement as a fair definition of the "press," Mt. Miguel's ver-

sion is quite unique. Coach Dick Ridgway's quintet threw their press against the fast-moving Lincoln Hornets in the finale of the holiday University High Basketball Tournament last Friday night. The results: the Miguel

press works against everybody, even the swift footed Lincoln showed, and the press brings victory. This time it was a 69-52 tourney championship win over the high-regarded Hornets.

Apparently weary from eight nights of fast-breaking basketball in two weeks — the Matadors were winners of the Kiwanis tourney — Miguel came out a little sluggish in the first quarter and the two powerhouses battled on equal terms for almost the entire first half.

In the see-saw first half of action, Miguel and Lincoln traded leads, as guards Ken Greenman and Blake Mathews hit from the outside for the Matadors, while Jerry Powell showed his shooting ability from way out to keep the game close.

The Matadors led after the first quarter by three, 16-13, and upped the advantage to eight points at the half, 35-27.

Lincoln, which possessed a distinct height advantage over the local five, made a brief run at the Matadors early in the second half behind the shooting of all-tournament selection Bruce Anderson.

But then the Matadors press began to tell, as Mathews scored on two lay-ins following

steals and added a free throw. Ken Barstow connected once off a Lincoln turnover and within two minutes the Miguel advantage was suddenly, 48-36.

As Mike Ela, Mt. Miguel's all-tourney forward, found the range the Matadors built up 20-point lead late in the third quarter and through most of the fourth period.

Lincoln outscored Miguel 15-13, in the final stanza, but the Matador substitutes had plenty of cushion to work with late in the contest.

High man in the game for the Matadors was Mathews with 18 points, while three other Miguel starters contributed point counts which reached double figures. Ela added 17 markers to the count, while Greenman and Barstow added 13 points, each.

Anderson was high man for the Hornets with 19 points, while Fred Norris added 14.

Mt. Miguel advanced to the finals in the holiday event behind victories over three opponents. The Matadors opened up last Tuesday by downing Mission Bay, 107-37. The next night Point Loma fell victim to a Mt. Miguel onslaught, this time the score totaling 118-54. In the semi-final contest Thursday night, the Matadors outscored Metro League

contender, Hilltop, 70-53.

In the Hilltop clash, the Matadors built up an early lead in the first two periods and coasted to the semi-final victory. Miguel lead at the end of the first period, 17-6, and upped the count to 37-17 at the half. Both teams played on even terms in the final two quarters, with the Lancers outscoring the Matadors in both periods, 17-15 and 19-18.

Greenman led the Matador scoring attack in the Hilltop

game, netting 20 points. He got plenty of support from fellow guard Mathews with 15 digits and Ela with 13. Barstow added 10 for the winners.

Hilltop made a run at the favored Matadors in the final period, cutting the Miguel margin to 10 points, 58-48, but Mathews and Greenman put the game out of reach with clutch baskets.

Ela broke the tournament scoring records when he pumped in 39 digits in the

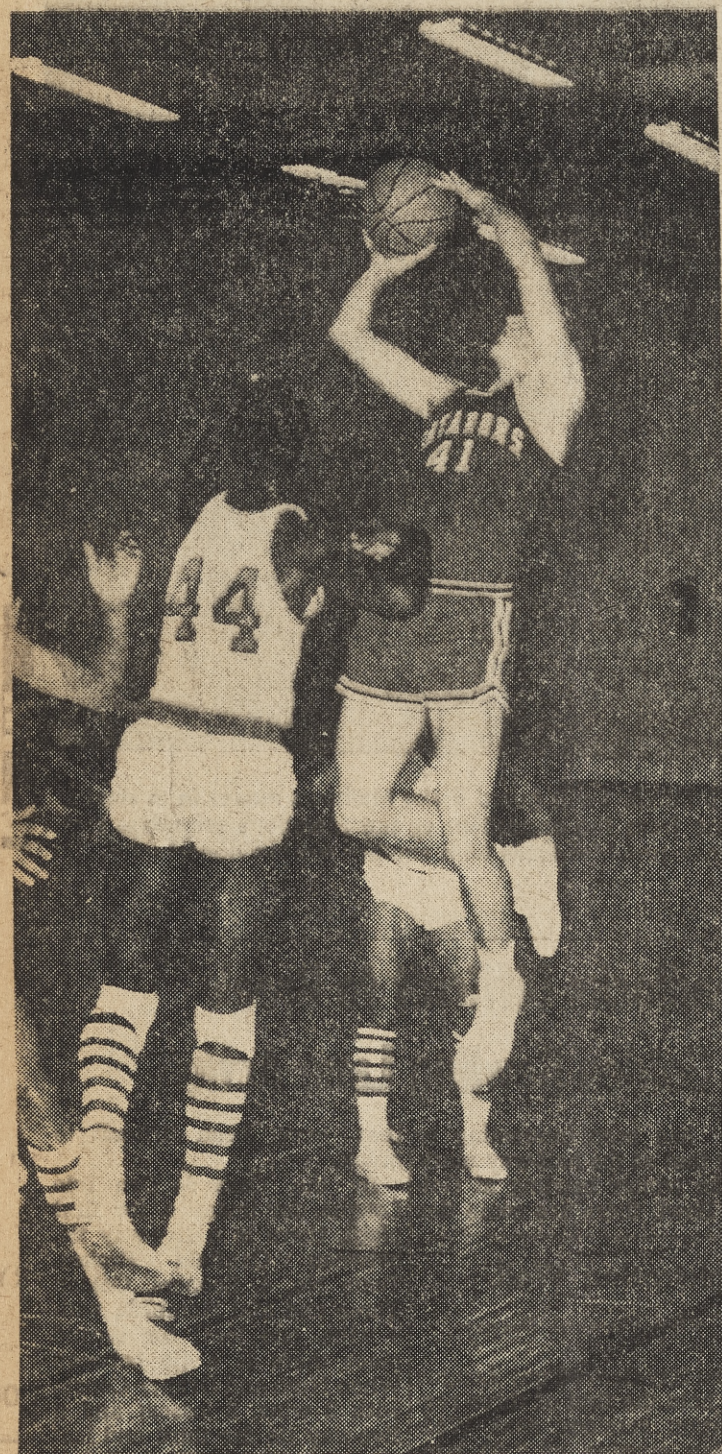

rouf of Pt. Loma. Greenman had another 20-point evening to add to Ela's point total, while Mathews chipped in with an 18-point performance and Dave Lower added 10 more.

The Matadors broke the Pt. Loma game wide open in the first few minutes of play, as they ran up 31 points in the first period, while the Pointers could amass just eight. The

Miguel cagers added 21 in the second period, and 28 in both

the third and fourth stanzas. In the opening round victory over Mission Bay, the big first half was again in evidence, as the Matadors tallied 25 points in the first quarter and added 31 in the second for a 56-20 first half advantage.

All five starters hit in double figures in that contest, with Ela leading the assault with 23. Greenman had 21 and Mathews 20 for the winners, Miguel cagers added 11 and Barstow 10.

**ANOTHER BUCKET:** All-tournament forward Mike Ela (41) goes high in the air to can a jump shot against Lincoln defender Bruce Johnson (44) in action in last week's University Tournament victory over the Hornets. Ela's hot shooting touch in the third period paced the Matadors to another one-sided victory, this one over a highly-regarded Lincoln five.

## Van Deerlin Is Target Of Peace-Freedom Party

Congressman Lionel Van Deerlin will be the target of Peace and Freedom Party opposition in San Diego's 37th Congressional District, next November, according to P&FP Vice Chairman Fritz Thygeson.

Thygeson made the statement at a news conference this week, held for Jack Weinberg, state administrator of the anti-war party.

"Van Deerlin," Thygeson said "optimizes what the Peace and Freedom Party is against."

He is one of the most slavish followers of President Johnson and a hawk on the Vietnam war.

"Van Deerlin is also responsible for attacks on Congress-

man Adam Clayton Powell which resulted in Powell's removal from Congress."

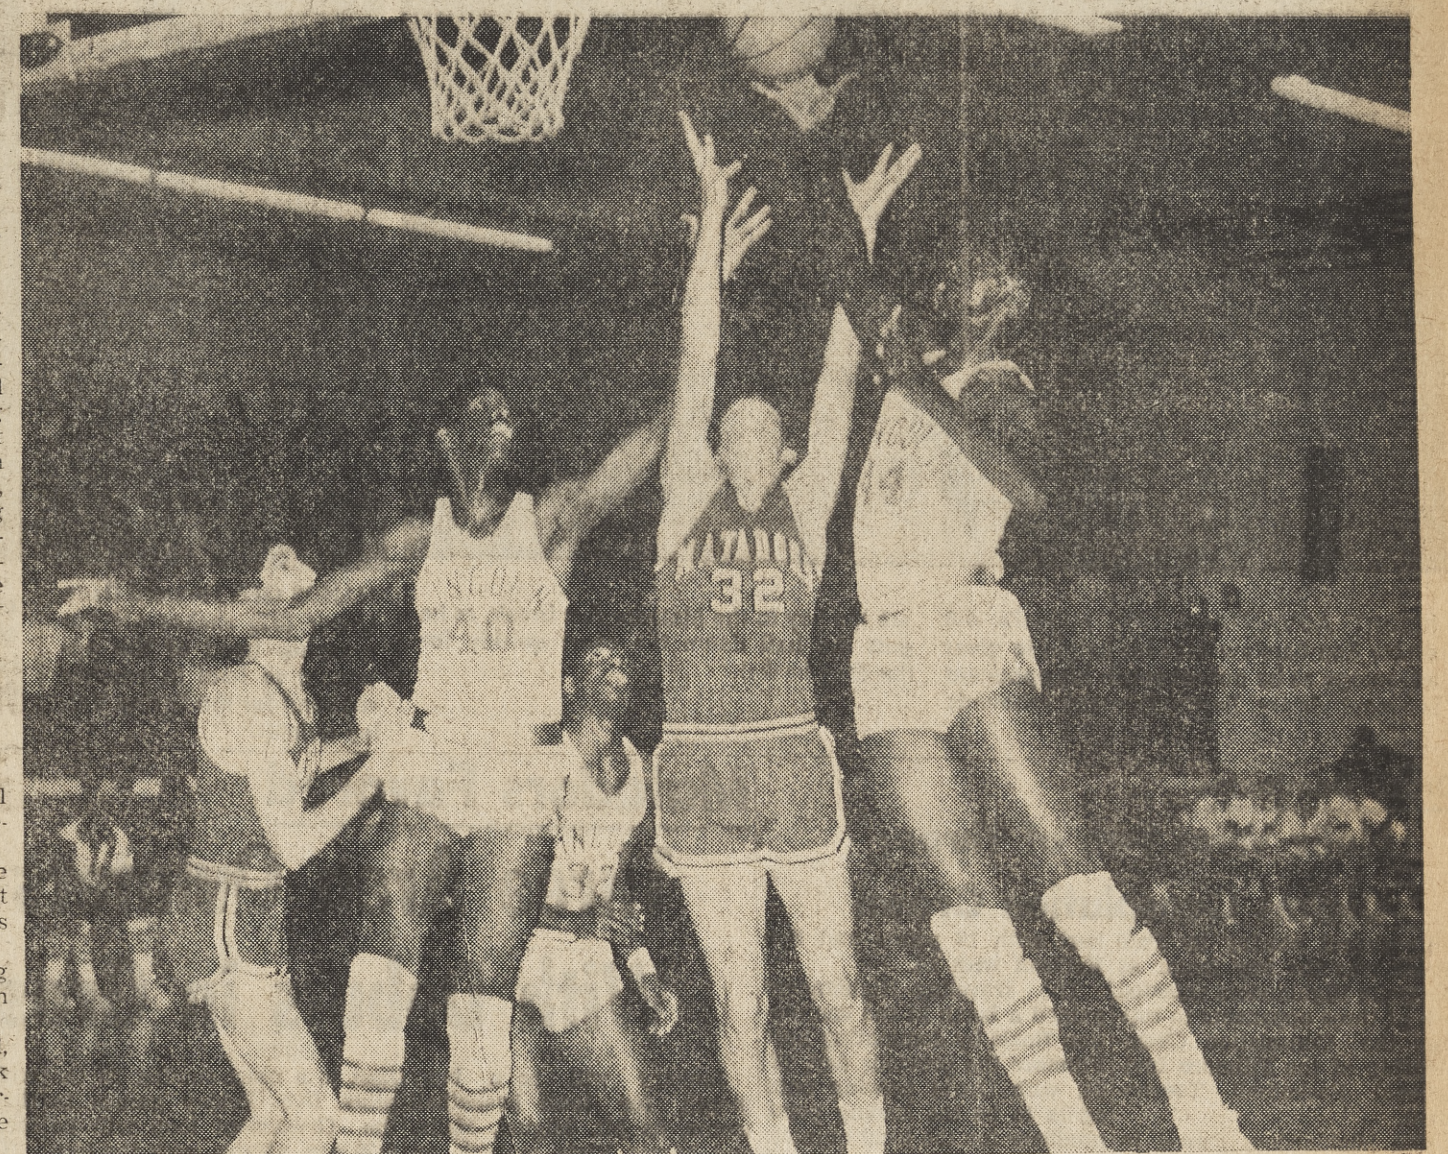

"Thygeson admitted the Peace and Freedom Party may not be strong enough to elect its own candidate in November.

"But we will be strong enough to stop Van Deerlin from being elected."

"Van Deerlin," Thygeson said, "has assumed that the black communities and white liberals would choose him as the lesser of two evils."

"But the people are fed up with this kind of a choice and the Peace and Freedom Party will give them a substantial alternative."

Nineteen sixty-eight is leap year.

**ONE OF FEW:** Lincoln High's All-CIF candidate Bruce Anderson (44), at right, steals rebound away from Mt. Miguel's Dave Lower (32) during action in last Friday's, 69-52 University Tournament Championship victory for the Matadors over a much-taller Lincoln quintet. This rebound by the Hornets was one of few grabbed by

the losers, as the smaller Matadors dominated the boards and the game to capture the tourney crown. It was the second holiday tournament championship in two weeks claimed by the Spring Valley five. They grabbed the Kiwanis event the previous week.

## Dribble, Shoot Contest Slated For San Diego Area Youngsters

Walter Kennedy, Commissioner of the National Basketball Association, has announced that the San Diego Coca-Cola Bottling Company will conduct a Dribble 'n Shoot Contest early in 1968 for boys in the San Diego area.

The contest will be conducted in association with the San Diego Rockets and the San Diego Recreation Department. Final competition will be held at half time of the San Diego Rockets game with Seattle on March 9. Robert Breitbard, president of the Rockets, indicated that locally popular "Hambone" Williams will assist with the contest.

Ralph C. Smith, Supervising Recreation Specialist of the San Diego Recreation Department, and his associates will conduct the contest at district, divisional, semi-final and final levels.

Each boy competing in this contest will be timed on speed of forward dribbling and will earn points based on his time.

A second part of the contest includes shots from different positions marked on the court, with each boy receiving points for every shot made. Boys age nine to eighteen will compete within their own age classes. Further details about competition will be announced in mid-January the Commissioner said.

Every contestant will receive a certificate, and each first and second place winner for each age class at each level of competition will win either a medal or trophy. Charles Polinsky, vice-president of the San Diego Coca-Cola Bottling Company said, "We consider this a great opportunity to work with the young people of this area through the Recreation Department, which is doing a fine job of planning activities for the young people of our community. We also are delighted to work with the San Diego Rockets in what we think is an exciting program for the boys of this area."

## Super Sprinter, Boycotter Enters Indoor Track Games

Tommie Smith, the super sprinter, is the first entrant for the annual San Diego Indoor Games, which will be held Saturday evening, Feb. 4 at the beautiful San Diego Sports Arena.

Smith came to San Diego Wednesday, Dec. 27, to personally sign an entry blank in the company of Meet Director Dick Cox. The San Jose State great will be the defending titlist in the 440-yard dash.

Tommie has been much in the news lately for his off-the-track comments. He has been one of the backers of fellow San Josean Harry Edwards' drive to get leading Negro athletes to boycott the 1968 Olympic Games.

The holder of nine world records has been in sympathy with the boycott idea. But, meanwhile, he's training hard in the event things can be reconciled in his mind so that he can compete.

Tommie is one of the all-time greats of sport, holding

the world records for 200 meters, 220 yards, 400 meters and 440 yards. His 19.5 for 220 yards on the straightaway has never been approached.

And Tommie's 20.0 for 220 around a curve is two-tenths better than Henry Carr's former world mark. He broke the world 400 meter and 440 yard marks last spring.

Smith is considered one of the surest bets to win an Olympic title provided, of course, he competes.

Tommie holds the world indoor record of 46.2 for the 440, in which event he's entered in San Diego.

He'll be running on a brand new board track that should be one of the fastest in the nation.

## Bike Theft in S.V.

A three-speed bicycle valued at \$80 was taken from the home of Elizabeth McKey, 8821 Milburn, Spring Valley, during the evening of Dec. 27.

# Defense, Rebounds, Drives Vital To Mt. Miguel Hoop Success

**HEIGHT ADVANTAGE:** Mr. Miguel's 6-8 center Ken Barstow uses his height to great advantage as he out-rebounds his opponent in recent victory. Barstow's many rebounds

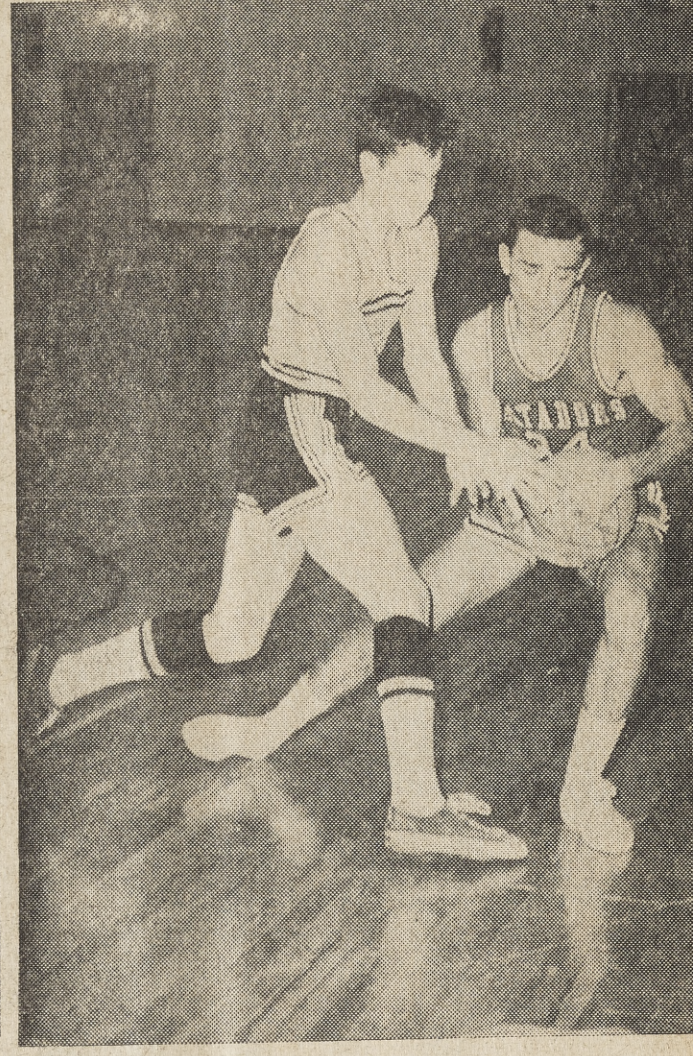

are the key to the Matador fast break, as he gets the ball down the court quickly for the easy basket.

**HANDS OFF:** Forward Dave Lower (32) shakes off the grasping hand of the opponent to haul in another rebound for the Spring Valley quintet.

**OVER THE TOP:** Getting high up over the defense of the Mission Bay Opponent, Mt. Miguel's Ken Greenman scores two of his 21 points against the Buccaneers, in the Matador's 107-37 rout of the University High Tournament foe.

**IT'S MINE:** Swift guard Blake Mathews moves in to steal a pass from the opposition as the Matador's relentless fast break provides them with another scoring opportunity.

## Drozdominates

### Helix Wins Two of Three; Claims Consolation Crown

Consistent scoring by Paul Drozd was the key factor as the Helix Highlanders defeated two of three opponents to capture the Consolation Championship of the Fillmore Invitational Basketball Tournament.

The Highlanders rallied in the second half to win the consolation crown last Friday night, defeating Santa Monica, 87-73, as Drozd ripped the foreign nets for a blistering 27-point performance.

Santa Monica and Helix were deadlocked in a 38-38 first half tie in the see-saw battle until the Highlanders rallied for a 10-point advantage after the third period, 62-52. The Highlanders continued to apply the pressure in the final stanza, outscoring the Santa Monica quintet, 25-21.

Helix also held the edge in the rebounding department, gathering in 51 carroms, while the losers could manage just 38.

Supporting Drozd in the scoring column were Gay Gay-

hart with 16 points and Bob Kellison with 14.

The traveling Highlanders gained a berth in the consolation finals by dominating host Fillmore the previous day, 78-54, with Drozd proving once again to be the leading point producer for the local quintet.

The Highlanders outscored Fillmore in every quarter but the last, as they spurred to a 14-7 advantage at the close of the first period, and upped the lead to 38-21 at the half. The Highlanders added 26 digits to the count after intermission, while Fillmore could manage only 14 points.

Bruce Menser supported a 25-point performance by Drozd by adding 13 markers, while Kellison added eight points.

Bakersfield High knocked the Helix five into the consolation bracket with an opening-tournament victory over the Highlanders, 62-57. The Bakersfield five scored the last five points in the game to earn the victory.

## Matadors Favored

### Three Area Quintets Face Busy Month With Debuts in Grossmont League Play

January will be a busy month for local basketball teams, as Mt. Miguel, Helix, and Monte Vista embark on another Grossmont League title race.

Before the league play gets underway, Monte Vista takes one more look at non-circuit teams, as the Monarchs play host to Coronado of the Metro League in an 8:30 p.m. contest tomorrow night.

Next Tuesday afternoon all three local quintets get their first taste of league competition, with the highlight of Tuesday's battles being the clash between the two Spring Valley fives, Mt. Miguel and Monte Vista on the Monarchs' boards.

The rampaging Matadors enter the league contest with the only perfect record among major schools in San Diego County and winners of two holiday tourneys, the Unlimited Division of the Kiwanis Tournament and also the title in the University High Tournament. Coach Dick Ridgway's fast-breaking Matadors broke scoring records in both tourneys, and completely man-handled eight county foes.

The Matadors will pit their overall strength and speed against a Monte Vista team which has found the going rough in early season games and is struggling to get to the 500 mark.

The other opening day game of the Grossmont season features a tussle between always strong Helix and the Grossmont Foothillers on the latter's court. Helix finished third in the Kiwanis tourney, losing to Mt. Miguel, and had the second best record among league teams in non-league competition.

Friday of the same week, Jan. 12, two area teams square off once more, with Helix and Monte Vista supplying the local action in this contest. Meanwhile, league-favorite Mt. Miguel returns home to play

host to a much-smaller El Capitan five. Friday games in the Grossmont loop will be 8:30 p.m. affairs, with the junior varsity titles scheduled to start at 7 p.m. Tuesday games will all be in the afternoon.

### Goaltending Stymies MV Tourney Bid

Monte Vista's cage squad won their opener but dropped the next two as they participated in the El Centro Basketball tournament last week.

The Monarchs opened tourney play Tuesday night of last week by downing Antelope Valley, 79-49, behind a 26-point performance by Monte Vista standout Jim Westcott.

Leading by five at halftime, 37-32, the Monarchs exploded for a 22-point third period to take advantage of a cold-shooting spell on the part of their opponent. The Antelope Valley five could manage just five tallies in the decisive quarter, as the Monarchs built up a 59-37 advantage.

Supporting Westcott in the scoring column were Roger Landis with 12, and Jones and Ashbury with 12 each.

But the Monte Vista quintet was dumped from tournament title contention the following day, as a goaltending call in the final seconds providing Madison with a, 55-52, victory over the Spring Valley five.

The loss came in the first overtime period between the two San Diego area clubs, with regulation play ending in a 47-47 deadlock. With the score tied 52-52 in the overtime session, three Monarchs were accused of tipping the net with 19 seconds remaining. 19 seconds remaining.

## Wrestlers to Open Grossmont Season

The opening of the Grossmont League wrestling season and a non-league double dual meet at Mt. Miguel will be the featured highlights this month in the mat sport.

The two grappling teams picked as the tops in the Grossmont circuit, Mt. Miguel and Helix, will be thrown in to a league-opening showdown tomorrow night at 8 p.m. at Helix High.

The Matadors finished second in the county last year to CIF winner Monte Vista, and are tabbed as the probable successor to the Monarchs who are in the midst of a rebuilding season. Helix, good enough to win championships in most other leagues in the county, will be hard-pressed against the strong Matadors tomorrow night.

Also on the slate for opening league wrestling matches tomorrow night, is an 8 p.m. clash between Granite Hills and defending league king Monte Vista on the Monarchs' mat.

Miguel won't get much of a chance to rest up following the crucial match with Helix tomorrow night, as the Matadors play host to a double dual meet the following night.

The visiting mat crew from Holtville High will tangle with the Matadors at 7 p.m. to open the unique competition, with Morse and Chula Vista also vying at that time in the Mt. Miguel gym.

The four teams switch opponents for the 8:30 p.m. matches, with Chula Vista, perennial champion of the Metro League down in the South Bay area, and Mt. Miguel going at it, and Morse and Holtville competing against each other.

Monte Vista takes a day off from Grossmont League action next Tuesday as the Monarchs travel to University High for a 3 p.m. encounter.

Another clash between two local wrestling teams highlights the Jan. 12 action, with Monte Vista playing host to Helix for a 6:30 p.m. match.

Meanwhile, the same evening Mt. Miguel takes to the road, traveling to El Capitan for an 8 p.m. match with the Vacueros.

The following Tuesday, Jan. 16, finds only one area team engaged in a grappling tussle, with Helix returning home for an afternoon match against Eastern League entry Morse.

All three teams get back in action Friday, Jan. 19, with Monte Vista and Mt. Miguel hosting El Capitan and Santana, respectively, and Helix traveling to El Cajon. All matches are set for 8 p.m. starts.

Rounding out the action in the month of January, a triangular frosh meet hosted by Helix will be played Saturday, Jan. 20. Oceanside and Monte Vista will compete with the Highlanders in the competition at 9:30 a.m.

## Deadlocks Difficult to Break

### In Golden Bowling Lane Action

It has been interesting to note that at the half-way mark in the winter bowling at Golden Bowl, there are some ties that have been difficult to break.

In the Casa de Oro Trio League, for instance, for first place, there is a five-way tie, between Canfield Brakes, Team No. 4, Sooners, Golden Three and Mal Hombres, with 3 wins, one loss; for second place there is a tie between Whoo Noze and Draper Const., with 2 wins, 2 losses; and a five-way tie for third and last place, between Wud-u-Belev, Pacemakers, Team No. 7, Wee-3 and Team No. 11, with one win, 3 losses.

Telco: Short Circuits, first, with 27 wins, 15 losses; Los Conquistadores, Plant-Err's and Hustler's, tied for second, with 25 wins, 17 losses; Tella-Phonies, third, with 21½ wins, 20½ losses.

For further information call league president Dave Wells, 463-3559.

Registration Wed. For Sky-Grove Pony

The Sky-Grove Pony League will hold the first of three registration sessions next Wednesday evening at 7:30 p.m. at Monterey Heights Elementary School in Lemon Grove.

Additional registrations will be held on the first two Saturdays of February, the 3rd and the 10th at Knapp Field. Tryouts will also take place on those dates.

For further information call league president Dave Wells, 463-3559.

Though retail food prices rose an average of 5 percent in 1966, the outlay for food per person as a percentage of total disposable income remained close to 18 percent.

## San Diego Gulls Return to Action Following Disastrous Road Showing

The San Diego Gulls get back into action tomorrow night after an eight-day lay-off, and they will be trying to snap a four-game losing streak as the Phoenix Roadrunners pay a visit to the Sports Arena.

The Gulls dropped all four games on a Christmas week road trip to the Northwest, and are not far ahead of the Roadrunners, who have been the league's hottest team lately.

Despite the Gulls' recent setbacks, General Manager Coach Max McNab is reasonably happy with his team's performance thus far this season. "We have eight games in hand on both Vancouver and Phoenix; that is important," said McNab. "When I first looked at our schedule and figured that we would have played eight less games than most everyone else by this time of the season, I thought we would be pretty far back."

"We are right in the thick of the race, though, and we are past a couple of tough spots in our schedule."

The Gulls scored only four goals in the four-game trip, and have scored only five goals in their last seven road games. In the meantime, they have allowed 40 goals in those seven games.

## Area Births

Births for the Lemon Grove-Spring Valley area for the week beginning Dec. 26 and ending Dec. 31 have been released by the Grossmont Hospital staff. They were:

Dec. 26, to Mr. and Mrs. Michael Gipson, Lemon Grove, a girl, 7 lbs., 10 oz.

Dec. 29, to Mr. and Mrs. James Beckham, Lemon Grove, a boy, 7 lbs., 4 oz.

Dec. 30, to Mr. and Mrs. James White, Spring Valley, a boy, 8 lbs., 4 oz.; and to Mr. and Mrs. John W. Hammond, Lemon Grove, a girl, 8 lbs., 1 oz.

## March of Dimes Drive Opened San Diego Efforts January 1

San Diego's Chapter of the March of Dimes launched its 30th anniversary campaign Jan. 1 and has set \$150,000 as its fund goal for the month-long drive, campaign chairman Floyd Morrow announced.

"If we had a wish to make, we would wish a healthy and peaceful life for every baby born in San Diego County," Morrow stated.

"Yet, we know this cannot yet be. We therefore must continue our battle against birth defects to give all children a better chance."

Morrow recalled that President Franklin D. Roosevelt founded the National Foundation-March of Dimes in 1938 to fight polio. "The voluntary health organization succeeded beyond all expectations when in 1955 it presented the world with polio vaccine," the councilman said.

"We believe the March of Dimes' record of achievement has been unequalled by any

other health organization. Its pioneering work in basic and clinical research has affected the entire course of medicine."

In 1958 the March of Dimes expanded its program beyond polio to attack birth defects. It now has been determined that a great majority of birth defects can be treated and completely corrected if they are detected early and given the best care known to modern medicine.

During its 30th anniversary drive, the March of Dimes hopes to raise funds to improve the level of medical care and to finance research programs into the causes of birth defects.

The San Diego Chapter begins its drive with the annual mail appeal for contributions. It will be concluded Jan. 31 with the Mothers March when thousands of mothers visit neighbors for financial support in this important fight against birth defects.

kie, probably for Friday's game. Wilkie suffered a knee injury in training camp and has not played this season. He had 13 goals and 15 assists in 68 games with the Gulls last season.

Following Friday's clash with Phoenix, the Gulls host Vancouver Sunday night, then meet Seattle next Thursday night and the American League Providence Reds the following night.

The Gulls have a 3-1 edge over Phoenix and are 2-41 against Vancouver.

## Whittaker Corp. Expands Again

The Instrument Systems Division of Whittaker Corporation has expanded its operation by purchasing the Transducer and Controls Department of Electro-Optical Systems, Inc., a Xerox company, Pasadena, California. Included in the transaction were related research and engineering capabilities including a medical transducer activity.

According to C. J. Savant, General Manager of Whittaker's Instrument Systems Division, "The former EOS line of semi-conductor strain gage transducers will round out existing variable reluctance transducer lines enabling Whittaker to offer an across-the-board array of transducers to military, industrial and commercial markets."

EOS President Sanford C. Sigoloff said, "The EOS department was sold to release resources and management for activities more directly related to long-term corporation goals."

Whittaker manufacturing facilities in North Hollywood, California, will be expanded to accommodate the new operation. The Instrument Systems Division also has announced plans to establish an instrumentation research and engineering laboratory in the Pasadena area.

## X-Mas Gifts Theft

Christmas presents with an estimated value of \$34 were taken from the home of Nicholas Espinoza, 1824 Roman Road, Lemon Grove last Christmas Eve. Espinoza was attending a football game at the time of the theft.

Automobiles annually use over 61-billion gallons of gasoline.

## Cal Western Basketball Hopes Soar With Beginning of Year

SAN DIEGO — California Western University's basketball team hopes to start the New Year off right when it hosts St. Martin's College of Olympia, Wash., tonight and California Lutheran College in Golden Gymnasium.

The Westerners closed out 1967 in good style with straight victories over Lewis & Clark and Whittier to capture the consolation championship of the Chico Invitational Tournament, bringing their season record to 4-7 after dropping their first five games in a row.

St. Martin's, coached by Jerry Vermillion, is led by forward Terry Easter, son of former San Diego Padres and major league baseball star Luke Easter. Easter, who stands 6-3, averaged better than 20 points and 12 rebounds a game in 1966-67 to lead the Saints to a 16-11 season. He is hitting at a 30-point-per-game clip this year.

Other St. Martin's standouts are forward Vince Sirojan (6-3) and guard Barry Eldsvold (6-4), from Santa Ana, Cal. Western trimmed Cal Lutheran, 71-50, in a earlier meeting in the San Diego Holiday tourney, but the Kingsmen bounced back to defeat a strong Nevada team, 66-55, in the second round, only to lose to Westminster College in the consolation title game.

Thus far, coached by Dr. Robert Campbell, the Kingsmen have won two of nine

games. They are led by freshman guard Tim Iverson, who was named to the all-Tournament team in the annual San Diego event. He is averaging 15.2 points per game. Center Craig Myers, with a 12-7-point average, and forward Chris Elkins, who is averaging 12.4 points a game, are other standouts.

Coach Bob Kloppenburg will rely on 6-8 center Dennis Grey, who was named to the all-tourney team at Chico while setting a new record with 51 rebounds for the three games, forwards Craig Meyer or Tim Collins and Early Evans or John Madison and guards Rich Wasser and Larry Weddle.

## Edgemoor Hospital Group Has Birthday

Edgemoor Geriatric Hospital Auxiliary will celebrate its tenth birthday at their regularly scheduled luncheon meeting to be held Monday at 11:30 a.m. at Stuart's Restaurant, Grossmont. Featured speaker will be Miss Leona Sylvester of Security First National Bank, who is well known for her wit and humor.

Charter members being honored at this time are: Mrs. Eugene Bolton, Mrs. C. Scott Campbell, Mrs. J. Forster Couts, and Mrs. Clarence Milligan, as well as Sponsors: El Cajon Woman's Club, Mrs. Alan E. Flaven, and Navy Ladies' Social Club, La Mesa.

Five year members to be honored are Mrs. Dale Armstrong, Mrs. George Benedict, Mrs. Chester Davis, Mrs. E. W. Elwood, Mrs. Thomas Flaherty, Mrs. Glenn A. Lebus, Mrs. Floyd Swanson, Mrs. Dale Walton, Mrs. Perley Westcott, and Sponsors: Chula Vista Woman's Club, Epsilon Pi Theta, Escondido Emblem Club No. 161, Oneira Woman's Club, Phi Lambda Epsilon, and Rolando Woman's Club.

## Whales To Star For Tourists

SAN DIEGO — "Whale watchers mean business" guest mot operators were told by restaurateur Tom Ham at a luncheon meeting in the Bali Hai Tuesday. Ham invited the Point Loma-La Playa businessmen to a luncheon to dramatize the importance of the annual Gray Whale migration to tourism in their area.

"This is the one great winter attraction of the Point Loma area," Ham said, "and it's up to all of us in this room to make sure that our winter visitors are aware of this unique attraction and the viewing facilities we have to offer."

Female grasshoppers lay from 20 to 100 eggs in the ground.

## LEGAL NOTICES

### NOTICE OF TRUSTEE'S SALE

No. 4832-F On Friday, January 19th, 1968, at 11:00 A.M. at the Broadway entrance to the San Diego County Courthouse, 220 West Broadway, San Diego, Calif.

SECURITY FIRST NATIONAL BANK as duly appointed trustee under the deed of trust dated June 4th, 1962 made by NORRIS E. TROCHMAN and VELIA S. TROCHMAN, husband and wife recorded on June 27, 1962 in book 19823, page 10932 of Official Records in the office of the County Recorder of San Diego County, California by reason of default in the payment or performance of obligations secured thereby.

Notice of Default and Election to Sell Under Deed of Trust having been recorded as provided for by law and more than three months having elapsed since such recordation, will sell at public auction to the highest bidder for cash, payable in lawful money of the United States of America at time of sale, without covenant or warranty expressed or implied as to title, possession or encumbrances, the interest conveyed to and now held by it under said deed of trust, and to the property in San Diego County, State of California, described as:

The Southerly 20.00 feet of Lot 41 in Block 17 of La Cresta, in the County of San Diego, State of California, according to Map thereof No. 2998, filed in the office of the County Recorder of San Diego County, February 8, 1925, the Northern line of said Southerly 20.00 feet being parallel with and distant 20.00 feet at right angles Northerly from the South line of said lot. ALSO all that portion of Tract "D" conveyed to Mattie Jarrett by deed dated May 24, 1934 and recorded in book 359, page 251 of official Records of San Diego County, the East line of said South line of said lot and conveyed to Jarrett to the Southeast corner thereof, being a point on the Easterly line of said Tract "D", said Tract "D" being the common line between said Tract "D" and said Block 17, South 30° 42' 00" West, 104.97 feet; South 11° 40' 00" West 101.34 feet and South 00° 44' 00" West, 25.00 feet to the point of beginning.

Said sale will be made to pay the obligations secured by said deed of trust including all costs, fees and expenses of trustee and of the trust created by said deed of trust; all sums expended under the terms of said deed of trust, not then repaid; and \$10,919.60 remaining principal of the note secured by said deed of trust, with interest from July 27th, 1967 as in said note provided. Dated December 15th, 1967 SECURITY FIRST NATIONAL BANK, a San Diego corporation, by Richard C. Lewis, Vice-President

L.G. Review Dec. 28, Jan. 4 & 11

### NOTICE OF HEARING ON RESOLUTION INITIATING PROCEEDINGS FOR ANNEXATION TO THE SPRING VALLEY SANITATION DISTRICT

(ROBINHOOD HOMES, INC.) NOTICE IS HEREBY GIVEN that the Board of Directors of the Spring Valley Sanitation District of the County of San Diego has set 10:00 o'clock a.m., January 15, 1968, in the chamber of the Board of Supervisors, Room 310 San Diego County Administration Center, 1600 Pacific Highway, San Diego, California, as the time and place for hearing on the proposed annexation to the Spring Valley Sanitation District. The territory which is the subject of and will be affected by said annexation consists of approximately 17.93 acres located southerly of Sweetwater Road, northerly of Bonita Mesa Unit No. 3, and westerly of the Bonita Bridge within the County of San Diego, State of California. A description of the boundaries of the affected territory and other particulars relating to said annexation is on file at the office of the Clerk of the Board of Supervisors of the County of San Diego as Document Number 385660 and may be examined by any interested person. Any person desiring to make written protest against said annexation shall do so by written communication filed with the Clerk of the Board of Directors not later than the hour set for hearing. A written protest by a landowner shall contain a description sufficient to identify the land owned by him; a protest by a voter shall contain the residential address of such voter.

Dated: December 18, 1967. PORTER D. CREMANS, Clerk of the Board of Directors, Spring Valley Sanitation District. By Florida Clark, Deputy S.V. Bulletin Dec. 28 & Jan. 4

How do you own a stack of Savings Bonds when you're older?

Start young.

Start small, if you want to, but start steady. The important thing is to have a regular program of setting something aside every payday.

What's most important: it's never too early to begin.

You say that takes more will power than you can muster up on a regular basis? Then use the easy, automatic way: join the Payroll Savings Plan where you work.

This way your employer saves your money for you—puts it toward the purchase of a U. S. Savings Bond.

Pretty soon you won't even miss the money. In fact, you'll probably forget how fast your savings are growing. Here's a for-instance: just \$4.33 a week adds up to the \$18.75 you need to buy a \$25 Bond every month. That's \$300, maturity value, a year. Not bad for a former spend-thrift! What's more, those few dollars you're tucking away to grow will be working all the time to help keep your country strong and free.

So start now, start young, building up the savings that count so much later on. Join the Payroll Savings Plan before next payday.

## WITH OUR ARMED FORCES

### PVT. KRUSE

CAMP PENDLETON, CALIF. — Marine Private Albert F. Kruse, son of Mr. and Mrs. Albert H. Kruse, 3645 Kine st., Lemon Grove, completed two weeks of training under simulated combat conditions in the fundamentals of day and night patrolling, employment of infantry weapons, survival methods and assault tactics at this Marine Corps base.

This individual combat training is given every Marine after his graduation from recruit training. Taught by combat-experienced non-commissioned officers of the infantry training regiment here, it prepares the young Leatherneck to become part of the Marine air-ground combat team.

While in the field he was taught how to use hand grenades, a compass and the principles of map reading and land navigation. He learned how to detect and disarm mines and booby traps and, while being exposed to live machine gun fire, he learned to advance safely from one point to another.

From this course, he is scheduled to go on to more advanced training before being assigned to his permanent unit.

### PVT. MAYER

SAN DIEGO — Marine Private Robert Mayer, Jr., son of Mr. and Mrs. Robert Mayer, 1071 Carlsbad st., Spring Valley, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

### SEAMAN TURNER

SAN DIEGO — Seaman Apprentice Larry E. Turner, USN, son of Mr. and Mrs. Jack D. Turner, 7124 Suerich ln., Lemon Grove, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

### PVT. RIVERA

CAMP PENDLETON, CALIF. — Marine Private Joe M. Rivera, son of Mr. and Mrs. Joe B. Rivera, of 1548 Enfield st., Spring Valley, completed two weeks of training under simulated combat conditions in the fundamentals of day and night patrolling, employment of infantry weapons, survival methods and assault tactics at this Marine Corps base.

This individual combat training is given every Marine after his graduation from recruit training. Taught by combat-experienced non-commissioned officers of the infantry training regiment here, it prepares the young Leatherneck to become part of the Marine air-ground combat team.

While in the field he was taught how to use hand grenades, a compass and the principles of map reading and land navigation. He learned how to detect and disarm mines and booby traps and, while being exposed to live machine gun fire, he learned to advance safely from one point to another.

From this course, he is scheduled to go on to more advanced training before being assigned to his permanent unit.

### PVT. MOORE

ABERDEEN PROVING GROUNDS, MD. — Private First Class James A. Moore, 26, son of Mr. and Mrs. Homer Moore, Lemon Grove, completed a fuel and electrical systems repair course Dec. 1 at the Army Ordnance Center and School, Aberdeen Proving Ground, Md.

During the 12-week course, he was trained in the operation and repair of fuel and electrical systems of the Army's combat vehicles including the M-60 tank and the M-113 and M-114 personnel carriers.

His wife, Lucy, lives at 503 N. Harrison, Greenfield, Ind.

### PVT. HOLDER

SAN DIEGO — Marine Private Charles S. Holder, son of Mrs. F. B. Ethridge, 8871 Kelburn ave., Spring Valley, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

Although study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

Dixie forests now produce 61 percent of the nation's pulpwood.

### CAPTAIN MOORE

GLENDAL, ARIZ. — Captain Joseph P. Moore III, of 3987 Lamont st., San Diego, is participating in the emergency airlift of thousands of bales of hay for 10,000 sheep and cattle, snowbound on the Hopi Indian Reservation, north of Winslow, Ariz.

Captain Moore, is a navigator in the Air Force Reserve's 452nd Military Airlift Wing from March AFB, Calif., that is flying the airlift out of Luke AFB, Ariz., dropping tons of hay for the starving livestock stranded by the recent heavy snow.

The mission commander, Colonel Merle Larson, said that the drops, requested by the Bureau of Indian Affairs, would be made from 100 to 200 feet above the ground... "just high enough to break the bales open on contact and low enough for pinpoint accuracy."

The captain, son of Mr. and Mrs. Joseph P. Moore Jr., 3122 Parrott, Waco, Tex., is a graduate of Waco High School. He attended Arlington (Tex.) State College and the University of Texas at Austin and received his commission in 1954 upon completion of the Air Force Reserve Officers Training Corps program at Baylor University in Waco where he earned his B. A. degree.

His wife, JoAnn, is the daughter of Mr. and Mrs. Walter Watson, 10139 Del Rio rd., Spring Valley.

### PVT. MAJOR

Army Private Kenneth R. Major, son of Mr. and Mrs. Ervin E. Major, 2221 Cypress ave., Lemon Grove, has been assigned as a draftsman in the Engineering section at the Army base in Bien Hoa.

Kenneth was drafted in July and took his basic training at Fort Ord, Calif. The day of graduation he was awarded an experts medal in bayonet and rifleman. He underwent his advanced training at the Combat Engineers school at Fort Leonard Wood, Missouri.

After 14 days leave, he left for Vietnam. Kenneth graduated from Mt. Miguel High in 1965 and attended Grossmont College.

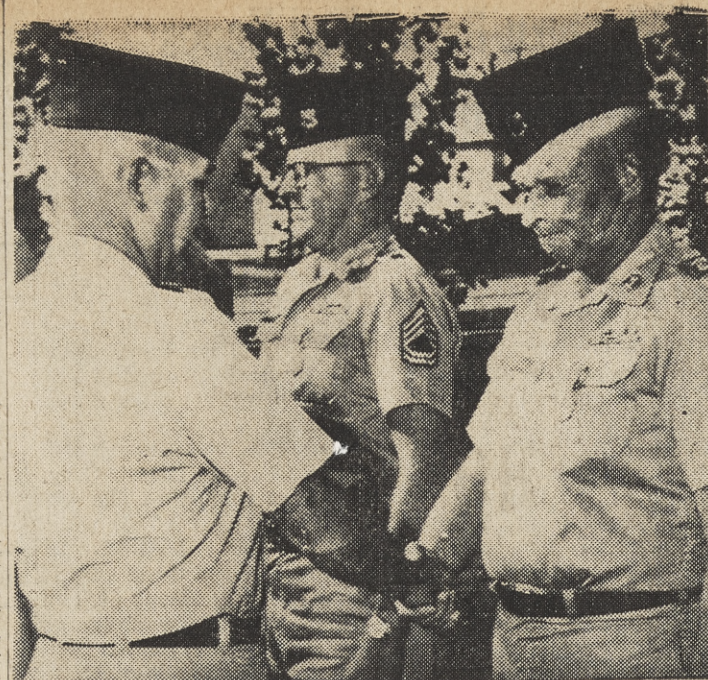

### AIRMAN MILLER

GLENDAL, ARIZ. — Airman Gary T. Miller, of 3436 Sweetwater Springs blvd., Spring Valley, participated in the emergency airlift of thousands of bales of hay for 500,000 sheep and cattle, snowbound on the Hopi Indian Reservation, north of Winslow, Ariz.

Airman Miller is an aircraft engine mechanic in the Air Force Reserve's 452nd Military Airlift Wing at March AFB, Calif., that flew the airlift out of Luke AFB, Ariz., dropping tons of hay for the starving animals stranded by the recent heavy snows.

Air Force crews have dropped more than 858 tons of hay to the livestock on the reservation, flying 161 sorties. The airdrops were made from 100 to 200 feet above the ground, just high enough to break the bales open on contact and low enough for accuracy.

The airman, son of Mr. and Mrs. Walter K. Miller, is a graduate of Monte Vista High School.

SGT. FAIRCHILD

FT. HOOD, TEX. — Staff Sergeant Eugene C. Fairchild (right), whose parents, Mr. and Mrs. William B. Anabel, live at 4579 Palm ave., La Mesa, receives congratulations and the Army Commendation Medal during ceremonies at Ft. Hood, Tex., Dec. 5.

Congratulating him is Lieutenant Colonel Claude L. Roberts Jr., commander of the 16th Engineer Battalion, 1st Armored Division.

Sgt. Fairchild received the award for meritorious service during his last assignment in Headquarters Troop of the 11th Armored Cavalry Regiment's 2nd Squadron, in Vietnam.

Sgt. Fairchild is bridge section sergeant in Company E of the 1st Armored Division's 16th Engineer Battalion at Ft. Hood.

## San Diego County Director Reviews Public Health Highlights of 1967

In 1967, births in San Diego County appeared to have ended a five-year decline and started an upswing. An estimated 21,900 babies were born in the county in 1967, up from 21,215 in 1966.

The county was commended by the State Legislature for its End Measles vaccination program, jointly sponsored by the San Diego Department of Public Health and San Diego County Medical Society, the first program of its kind in California.

At year's end, it looked as though the county's measles incidence might be the lowest on record. Through the fifty-first week of the year, 197 cases of measles were reported, compared with 236 cases in all of 1966.

These public health highlights of 1967 in San Diego County were reported by the San Diego Department of Public Health.

Dr. J. B. Askew, director of public health, said the rabies situation in the county had improved somewhat, but the rabies quarantine remains in effect throughout the county.

So does the ban on the sale of raw milk. Raw milk sales were banned by the health department, because an infectious type of bacteria known as Staphylococcus aureus coagulase-positive persisted in the milk. The Superior Court upheld the right of the Director of Public Health to ban the sale of raw milk in the county.

Immunization gave the county a good disease record in 1967. This was the county's fifteenth year free of diphtheria, its twenty-first free of small-pox.

One tetanus case was reported in the county in 1967. Two cases were reported in 1966. Poliomyelitis returned to San Diego County in September, 1967, when a case occurred in a 15-year-old boy living in Tecate, California. He had reportedly completed his series of Salk vaccine injections, but had received only one dose of Sabin vaccine. This was San Diego County's first reported case of polio since 1963.

Through the first 51 weeks of 1967, the county had only five reported cases of whooping cough, which is also preventable by immunization. Thirty-eight cases of this disease were reported in San Diego County in the full year 1966.

San Diego County had two reported cases of typhoid fever in 1967. Only one was reported in the County in 1966.

Among those diseases which cannot be prevented by immunization, gonorrhea continued to increase. The number of cases reported among county residents rose from 1415 in all of 1966 to 1706 in the first 51 weeks of 1967.

An increasing number of cases of gonorrhea occurred

## MAIL BAG

Dear Editor:

I think your paper would like this news item about the different groups of students and teachers attending European campuses next summer under the auspices of the American Institute for Foreign Study.

I am Area Secretary for the American Institute. Last summer Miss Mary Kloos and I took a group of students to Southampton University, England, and we had a marvelous experience. The courses were excellent, the field trips were exciting, and believe it or not, the food was superb! Next year, we are taking a group of students from Helix High to Cambridge University, England.

Miss Ernestine Klerekooper of Grossmont High School is taking students to Oxford University next summer. Miss Betty Nichols of Helix High School is taking a group to Perugia, Italy, to take a most interesting art series and a course in the Italian language. Miss Nichols is desirous of recruiting more students.

We have several other groups in the county taking courses: Mr. Bennett of Castle Park High School in Chula Vista is taking a group to Athens; Mrs. Nada Patton of

Lincoln High School, San Diego, is taking a group to Durham University in England. At least two other groups are being formed from North San Diego County and possibly El Centro.

Last summer a very comprehensive film was taken of all of the campuses under the auspices of the American Institute. This film will be shown at Helix High School in the Library at 7:30 p.m., Wednesday, January 10. Any student or adult interested may attend and see this film and ask questions about the program.

Sincerely,  
Miriam E. Moore,  
Area Secretary  
American Institute for Foreign Study

## Three Valleyites Win Buggy Title

Three Spring Valley entrants made off with titles last Saturday in dune buggy competition at Buttercup Valley in the Imperial Valley area. Victor in the top eliminator competition was Jerry Lindo, while Tommy Schacht grabbed the championship in the middle eliminator classification and Mike Tacoma was the winner in the little eliminator division.

It was reported that a crowd of eight to ten thousand people had gathered for the holiday weekend events, with between 800 to 1000 buggies competing in the championships.

A barrel of kerosene contains 50 gallons.

### Learn Spanish the Easy Way

## Hardison's Telespanish

by James Hardison

Saturday morning at 7 a.m., a new television beginners Spanish class will start. Just think, you will be able to go to school in the comfort of your own home. Just turn your T.V. dial to Channel 8 and before you can count to "diez" (ten) you will be learning Spanish.

The new series is for beginners only and will last for the next ten weeks. For those who either miss the first lesson on Saturday or want to see it repeated, they may tune to Channel 8 on Friday mornings at 6 a.m. As a matter of fact, all Saturday morning lessons will be repeated on the following Friday at 6 a.m.

Students and interested viewers may register for this exciting "live-language" course by contacting Mrs. Pat Byrom, TV Assistant, at 233-0181, extension 51. Registration fee of only two dollars includes text book and most all other material.

Expressions used in this column will be explained in more detail as they are reviewed each week. Students who take the course for High School credit will be required to keep a book of notes on these ex-

pressions and the TV lectures. The note book will be turned in with the final examination. During each week of the course students and viewers will use their home telephones as a language laboratory. They will practice saying the words and phrases with the recorded Spanish voice when they dial 276-2762. Here are the expressions for the first lesson.

**IMPORTANT PHRASES**  
Say "Me gusta San Diego." (meh GOOS-tah SAHN-dee-EH-goh) for "I like San Diego."  
Say "Es bonito." (ehs boh-NEE-toh) for "It is pretty."

Say "Me gusta la clase." (meh GOOS-tah lah KLAH-seh) for "I like the class."  
Say "Es interesante." (ehs een-teh-reh-SAHN-teh) for "It is interesting."

**OTHER PHRASES**  
Say "Me gusta hablar." (meh GOOS-tah ahb-LAHHR) for "I like to speak."  
Say "Es facil." (ehs FAH-seel) for "It is easy."

### "Life With Father" To Open at Globe

America's favorite family comedy hit "Life With Father," opens next Tuesday. The longest running play in Broadway history, nearly eight years, is scheduled for a limited run through February 11 on stage at the Old Globe Theatre in Balboa Park.

Dramatized by Howard Lindsay and Russel Crouse, "Life With Father" depicts a tyrannical, but affectionate father whose shouting shields a deep concern for his gentle wife and four irrepressible sons! The play was taken from the book by Clarence Day, Jr.
